Convenient Hand Pump for Even Faster Oil Draining

The lightweight 18-gallon RD-18G features a convenient hand pump for even faster oil draining and a stable body to ensure proper balance, whether the unit is collecting oil or effortlessly gliding across the floor on its ball bearing casters. The drain is constructed out of high-quality, translucent polyethylene for strength and durability, which also enables operators to check the oil level at all times with ease. The entire [oil drain](#) is resistant to rusting, denting, fluid damage and chemical erosion.

Features

- Lightweight for easy portability
- Comes standard with oil drain pump
- Safe and easy to use
- Wide body for stability
- Tough construction will resist dents, rust and corrosion
- Heavy-duty stainless steel clamp
- Non-corrosive telescoping tube
- Easy-pour oil spout for simple evacuation
- Built-in hand grips
- 4 swivel, ball bearing casters
- Translucent polyethylene tank for easy view of fluid level
- Rugged funnel with built-in contamination screen
